South American Dream Vacation

Bart Card is a 30-year travel veteran who has “been there and done that”, almost without exception. Bart has plenty of engaging anecdotes from his travels through Australia, Japan, the United Kingdom, Monaco, Mexico, the Caribbean, the Panama Canal, each of the Canadian provinces and every U.S. state including Hawaii. He's been to Tahiti, Spain, Germany, Austria, Switzerland, Italy, Russia, and the entire Pacific Rim. Besides visiting hundreds of destinations, Bart has flown on the Concorde, ridden the Orient Express, flown over the African Serengeti in a balloon, and sailed the Seabourn, the worlds most up-market cruise ship.

Throughout his career, Bart has cultivated relationships with some of North America's most influential travel media. His passion for world travel makes him a natural as the recently appointed Travel Editor for Active Adult magazine. Bart's sense of adventure and experienced counsel as to how best to fulfill your travel dreams – be they near or far, short jaunts or extensive exotic excursions – will make your first Distinctive Destination a vacation to remember!

Exclusive packages have been designed to tantalize your palate or satisfy tribal urges. Immerse yourself with cooking classes conducted by the famous chefs of Tuscany, dine with the Masai Tribe while on safari in Kenya or with Princes in Thailand, study music of the mountain people of Peru.

World travel is our passion and expertise and we want to share it all with you. “Ten minutes after the first handshake and ‘How do you do?’ he's already an old friend,” said one traveler of Bart's easygoing character.

Now offering an extensive South America cruise and tour. Make this your vacation of a lifetime. See opposite page for trip details. At Distinctive Destinations, we provide the ultimate travel experience for exceptional value. Let us open your eyes to the world!
