

## DOING OUR PART FOR THE ENVIRONMENT

Beginning February 2006, HOMES Magazine will be printed on paper made from

**100%**  
**re-cycled materials!**

This is a responsible decision for HOMES Publishing Group that we are proud to announce.

# HOMES

PUBLISHING GROUP

HOMES Publishing Group circulates nearly **1 million copies of HOMES Magazine per year!** That's a lot of copies = a lot of paper/trees. We realize this is a small step in the big scheme of things – but every step helps get us there.

We hope you, our readers and advertisers appreciate this small contribution to our environment that we together, are able to make.
